

Birds of Yakima County, Washington

By Andy Stepniewski

The Birds of Yakima County, Washington, by Andy Stepniewski, is in its second printing and is still the source for information on birds and birding in Yakima County. This is a book every birder in Yakima County should have in their bookcase.

Twenty years of serious birding in this area by the author served as the catalyst for this in-depth study of birds and birding in Yakima County. It ranks with the best books ever written about the birds of one county in the United States.

The Birds of Yakima County, Washington is available at the Yakima Area Arboretum, the Yakima Valley Museum and Inklings Bookstore in Yakima. It will make an excellent gift for anyone interested in birds.
